

PARTS & ACCESSORIES

There are millions of Viking pumps installed throughout the world. Our parts and accessories are built to keep them running efficiently and make repairs easy.

Not all parts are created equal. Viking Genuine Parts come with a guarantee to dimensionally fit Viking products, as well as having consistent construction, including material grade and quality.

Whether purchasing an individual part, ordering a full repair kit, or choosing an accessory to make your systems work smoothly, ensure that you are maintaining your Viking pumps with the same quality of parts that it left the factory with. Choose Viking Genuine Parts when servicing your pumps. Reach out to your local stocking distributor to get parts on your shelves for proactive operational management.

PARTS & KITS

Viking Pump parts kits provide customers with the ability to do a complete repair at once vs. each time a part wears. Everything needed is included in the kit, ready before you open the pump. Both seal kits and repair kits are available. Reduce your downtime by contacting your local stocking distributor to have a kit on your shelf ready to go when it is needed.

DESIGN

- Only Viking Genuine Parts are specifically designed to meet performance requirements for Viking pumps

QUALITY

- Viking Genuine Parts are tested to ensure optimum reliability

SUPPORT

- Viking backs all Genuine Parts with its own warranty and stocking distributor network

PARTS KITS VS. PARTIAL REPAIR

Everything you need in one place

Save time & money

Increase uptime

Increase service life

Reduce frequency of repairs

WHY REMANUFACTURE?

(Unique to circumferential piston products)

- Worn pump is returned to like-new condition & performance
- Your remanufactured pump carries a full 1 year factory warranty
- All remanufactured pumps are tested & certified
- Save big compared to purchasing an entirely new pump
- Pumps can be remanufactured up to four times, depending on model & wear

WHAT YOU GET

- NEW Rotors
- NEW Bearings
- NEW Seal Components
- NEW Shafts
- NEW Gears

REBUILD VS. REPLACE

- Hygienic parts kits are designed to save time and money, making preventive maintenance and rebuilding easier and more cost-effective
- Hygienic pumps are designed and built to the highest standards, for long life and to be rebuilt instead of replaced when applicable
- Tool kits also available
